

Virtual Session A0: Tuesday 10:30am - noon				
NFIP Policy & Programs				NFIP
Doug	Bellomo	PE	AECOM	The Opportunities Stemming from Changes in the NFIP
Kristin	Owen	AICP, CFM	Henrico County, VA	Floodplain Management Program Enhancements in Henrico County
Susan	Tarkenton		IBM	Applying Lessons Learned for Future NFIP Changes: Implications for Stakeholders
Virtual Session B0: Tuesday 1:45pm - 3:15pm				
Modeling Unique Features & Problems				Modeling
Rahul	Parab	PE, CFM	Dewberry	Case Studies with Rain on Mesh and Integrated Coupled Coastal, Fluvial and Pluvial Modeling Approach in Urban Areas
Zach	Whitten	PE	Stantec/STARR II	Wishing for a Merry Christmas: a Feasibility Study of Christmas Wash and the city's wishes that they wanted fulfilled. A new approach to flood reduction in Tucson
Rupali	Sabnis	PE, CFM	City of Austin	Better understanding and prioritizing localized flood risk in the flash flood alley of Texas using 2D modeling
Virtual Session D0: Wednesday 10:30am - noon				
Local Mitigation Initiatives				Mitigation
Julie	Nucci	PhD	Village of Owego	A Homeowner's Story: Elevation and Historic Preservation of an Upstate NY Property
Cleighton	Smith	PE, CFM	Taylor Wiseman & Taylor	Using the Substantial Damage Process as a Mitigation Tool in Central NJ
Elsa	Loehmann	PE	Fuss & O'Neill	Highlight Co-Benefits to Drive Project Funding: The Meriden Harbor Brook Success Story
Virtual Session E0: Wednesday 1:30pm - 3:00pm				
Dam Projects and Design				Dams & Levees
Seungho	Song	PE, CFM	CDM Smith	Glenville Lake Dam Rehab Case Study for No Adverse Impact Requirement
Matthew	Fanghella	EIT, CFM	City of Norfolk, Virginia	Norfolk Coastal Storm Risk Management (CSRM) Project: Bridging the Gap from Feasibility Study to 35% Design
Dori	Sabeh	PE, GISP	McGill Associates	Rhodes Pond Dam Recovery from Hurricane Mathew: Marching towards the Finish Line
Virtual Session G0: Thursday 10:30am - noon				
Mitigation Challenges				Mitigation
Mary	Baker		JEO Consulting Group	Home Improvement: Lessons Learned from the Local Jurisdiction Perspective
Brian	Kempf	CFM, AICP	NYC Emergency Management	Don't Rain On My Parade: Weathering the Development of a BRIC Grant Narrative
Joseph	Kirby	PE, CFM	Woodard & Curran	Does it Flood in the Whitespace? Zone X Flood Mitigation Challenges and Solutions
Virtual Session H0: Thursday 2pm - 3:30pm				

Nature-Based Solutions and Successes				NBF
Stevie	Adams	CFM	The Nature Conservancy	A new framework for flood adaptation: Introducing the Flood Adaptation Hierarchy
Arsum	Pathak	PhD	National Wildlife Federation	Implementing Nature-Based Solutions in Flood-Prone Communities
Nicholas	Cox	PE	Moffatt & Nichol	Restoring the Barataria Land Bridge: A Programmatic Approach to Large-Scale Marsh Creation
